

Executive Proclamation

State of South Dakota Office of the Governor

Whereas, Nearly 2.9 million registered nurses in the United States comprise our nation's largest health care profession; and,

Whereas, The depth and breadth of the registered nursing profession meets the different and emerging health care needs of the American population in a wide range of settings; and,

Whereas, The South Dakota Nurses Association and the American Nurses Association, as voices for the registered nurses of this country, are working to chart a new course for a healthy nation that relies on increasing delivery of primary and preventive health care; and,

Whereas, A renewed emphasis on primary and preventive health care will require better utilization of all our nation's registered nursing resources; and,

Whereas, Professional nursing has been demonstrated to be an indispensable component in the safety and quality of care of hospitalized patients; and,

Whereas, The demand for registered nursing services will be greater than ever because of America's changing demographics, the continuing expansion of life-sustaining technology, and the explosive growth of home health care services; and,

Whereas, More qualified registered nurses will be needed in the future to meet the increasingly complex needs of health care consumers in our communities; and,

Whereas, The cost-effective, safe, and quality health care services provided by registered nurses will be an even more important component of the United States health care delivery system in the future; and,

Whereas, The South Dakota Nurses Association and the American Nurses Association have declared the week of May 6-12, 2017, as National Nurses Week:

Now, Therefore, I, Dennis Daugaard, Governor of the state of South Dakota, do hereby proclaim May 6-12, 2017, as
